

LED

Ex Code: Ex ia IIC T6
Standard: GB3836.1, GB3836.4
IEC60079-11:2006,MOD

Magnetic base

Arm mounting

Insurance clip

Application

It is ideal as a personal indicator to identify the position of workers, it also can serve as signal communication tools in all kinds of hazardous area such as construction, fire fighting, rescue etc.

Characteristics

- Intrinsically safe type of protection, can be safely used in various flammable and explosive fields (including Zone 0).
- Waterproof & Drop Resistant: Made of PC material, drop resistant to 1 meter.
- Runtime: Powered by two AAA battery. Continuous runtime can exceed 500 hours.
- Flexible&Convenience: Small size, Light weight, easy to operation. It is magnetic, can be attached to the iron surface.
- Ambient Temperature: -60°C to 150°C.
- Colour Available: The tracker light is available in the following five different colours according to customers requirements: red, blue, yellow, green, white.

Main specification

Specification	Unit	ZW4100A / BW4100B
Rated Voltage	VDC	3
Current	μ A	<3
Flashing Frequency	Hz	2.7
Max Impulse Current	mA	80
Dimension	mm	70×47×39
Net Weight	Kg	0.1

Drawing of dimension (Dimensions in mm)
