Application

It is an efficient lighting tools for use in military, petrochemistry, oil field, customs inspection, police, patrol, rescue relief, railway, fire fighting etc.

Characteristics

- High Range: The effect beam distance of the super white light reaches above 3,500meters. Ideal for long-range searching at night.
- Flexible & Convenient: It is portable, besides it can be also carried with searchlight holster and shoulder carrying strap.
- Waterproof and durable: Made of imported PC material. The optimal designed structure made the searchlight waterproof, dust proof.
- Safe& Environment Friendly: Use the latest lithium-ion technology improves the service life and eliminates ' memory ' affect.
- Intelligent charging: The charger is controlled by the chip. It is protected against over-charging, over-discharging and short circuit. It will switch to trickle charging automatically when the battery is fully charged. State of battery charge is indicated with the coloured lights on the charger.
- Pressing switch, easy to handle.

Main specification

Specification	Unit	ZW6100J
Rated Voltage	VDC	14.8
Charging Voltage	VAC	100-240
Rated Power	W	35
Rated Capacity	Ah	4.4
Light Output (high)	lm	3,200
Effective Beam Range	m	3,500
Runtime	h	1.8
Charging Time	h	7
Service Life Of Bulb	h	10,000
Dimension	mm	φ 123×205
Net Weight	Kg	1.4
